Declaration

We hereby declare that, to the best of our knowledge and based on information and documentation provided by our upstream suppliers and business partners, **GIEBEL** Group GmbH is committed to responsible sourcing practices regarding conflict minerals. We require our suppliers to provide relevant information regarding the origin and sourcing of 3TG materials contained in supplied products and components. Based on the information available to us, we have no reason to believe that 3TG minerals contained in our supplied products originate from sources that directly or indirectly finance armed groups in conflict-affected or high-risk areas.

Scope & limitations

This declaration is issued exclusively for business-to-business (B2B) purposes.

GIEBEL Group GmbH is not the manufacturer of the raw materials or components unless explicitly stated otherwise. The present declaration is therefore based on informa-

tion and documentation obtained from upstream suppliers and other third parties. No independent audit of smelters, refiners, mines, or supply chains has been performed by **GIEBEL** Group GmbH, unless expressly agreed otherwise in writing. This declaration reflects the information available at the date of issue. Future amendments to applicable legislation, international standards, supplier information, or changes to product composition or supply chains may require updates to this declaration.

This declaration does not constitute:

- a guarantee that products are completely free from conflict minerals,
- an independent certification of the supply chain,
- or an assumption of supplier or manufacturer obligations under applicable law.

Liability is excluded to the maximum extent permitted by applicable law for inaccuracies resulting from incomplete or incorrect information provided by upstream suppliers.
