Declaration

We hereby declare that, to the best of our knowledge and based on information and documentation provided by our upstream suppliers and business partners, the materials referenced above do not intentionally contain per- and polyfluoroalkyl substances (PFAS). Any potential trace amounts resulting from unavoidable contamination are not intentionally added and are not expected to exceed applicable regulatory limits.

Scope & limitations

This declaration is issued exclusively for business-to-business (B2B) purposes.

GIEBEL Group GmbH is not the manufacturer of the materials or components unless explicitly stated otherwise. The present declaration is therefore based on documentation and information obtained from upstream suppliers and other third parties.

PFAS

GIEBEL

No independent chemical analysis or laboratory testing for per- and polyfluoroalkyl substances (PFAS) has been performed by **GIEBEL** Group GmbH, unless expressly agreed otherwise in writing.

This declaration reflects the information available at the date of issue. Future amendments to applicable legislation, scientific definitions of PFAS, technical guidance, supplier information, or changes to product composition or manufacturing processes may require updates to this declaration.

This declaration does not constitute:

- a guarantee of the complete absence of PFAS,
- an independent certification,
- or an assumption of manufacturer obligations under applicable law.

Liability is excluded to the maximum extent permitted by applicable law for inaccuracies resulting from incomplete or incorrect information provided by upstream suppliers.
